

ORIGAMI BUTTERFLY

Origami art is part of the Lexus tradition of takumi craftsmanship. This art form often features subjects inspired by nature, and as such, possesses a deeply rooted appreciation of one's natural surroundings. Origami Artist Coco Sato joins Lexus Creates to teach you how to fold a stunning origami butterfly.

HOW TO FOLD AN ORIGAMI BUTTERFLY

1
Start with square paper in front of you.

2
Fold paper in half horizontally.

3
Fold it in half again to create a small square.

4
Insert your fingertips between the first two layers.

5
Press down to create a triangle.

6
Flip the paper over.

7
Insert your fingertips again in the middle layer.

8
Press down firmly to create a triangle over your first triangle.

9
Fold the bottom right corner, to meet the top of the triangle.

10
Repeat on the left side.

11
Rotate the shaped paper upside down.

12
Flip over the shaped paper.

13
Fold the bottom tip of the triangle upwards.

14
Flip the shaped paper over.

15
Fold the tip over the straight edge downward.

16
Fold the shape in half vertically.

17
Make sure to press down the fold firmly.

18
Done!
