A silver Lexus LX Overtrail SUV is shown from a front-three-quarter perspective, driving on a dirt road that curves through a forest. The vehicle is angled towards the left, with its front end leading. The background is filled with tall, thin trees, some with bare branches and others with green foliage, under a clear blue sky. The ground is a mix of dirt and small rocks.

UNCHARTED CONQUEST

No matter the terrain, the LX Overtrail makes every journey both refined and exhilarating. With exclusive blackened accents and the signature Moon Desert color, it seamlessly blends sophistication with rugged capability. Inside, the adventure-ready cabin features low-saturation Monolith upholstery and ash burl black ornamentation for a perfect balance of luxury and durability. Equipped with first-ever all-terrain tires (265/65R18) and exclusive front and rear differential locks, the LX Overtrail is built to conquer any landscape with confidence.
